Health & Safety Policy

Health and Safety are one of our Company's most important legal and moral responsibilities. It is regarded, beside competent personnel and quality management, as an essential foundation for successful business and social operations.

Health and safety are recognized, implemented and maintained from a legal, humanitarian and economic perspective. We believe that a superior safety approach is indicative of assertiveness and responsiveness to employee needs and policy procedures.

As a result higher morale and loyalty are reached amongst employees, cultivating enhanced productivity, which again fuels profitability.

Therefore we strive to safeguard our employees and the general public, so far as reasonably practical, from injury, annoyance or risk during all company operations and -activities. The outcome is worth the effort, as it maintains our constancy and vision as top achievers in the construction and development environment. In essence then, sustainability has been reached.

ENVIRONMENT MANAGEMENT POLICY

TSRVENA ZVEZDA believes that a protected environment holds a future for all and is thus committed to maintaining a clean environment and support the environmental program. This creates the ability to operate in a disciplined and sustainable manner over the long term and is fundamental to maintaining a competitive advantage.

Our company policy is that the fulfilling of its legal and statutory responsibilities represents the minimum level of achievement in respect of environmental control. Management and employees of **TSRVENA ZVEZDA** therefore, commit themselves to actively participate in the environmental control plan.
